Project | SEARCH®

ProHealth Care Waukesha Memorial Hospital
Information Session & Tour Information

We are pleased to announce that we are accepting RSVPs for prospective interns for info sessions and tours of Project SEARCH at ProHealth Care Waukesha Memorial Hospital.

Project SEARCH is a nine-month internship program for individuals with disabilities, targeted for those whose goal is competitive employment. At ProHealth Care Waukesha Memorial Hospital, the Project SEARCH program uses total workplace immersion to enhance the teaching and learning experience, while helping participants develop employability and valuable job skills. Once accepted into the program, interns participate in three internship rotations to explore a variety of career paths. The interns work with a team that includes their family, an instructor, and local and state agencies to create an employment goal.

Information sessions and tours are for interns candidates, families, school district reps, and community agency reps. **These sessions will be held at ProHealth Care Waukesha Memorial Hospital, 725 American Ave, Waukesha, WI.** Each event includes a walkthrough of a few internship sites, an explanation of the program details, and the opportunity to meet the interns. Each info session and tour will take approximately 1.5 hours.
